## HOLLYWOOD MUSIC WORKSHOP

The eighth international summer event will take place in the lovely city of Baden/Austria from July 6th through August 11th, 2016.

Don't miss this unique chance to work and compose under the guidance of some of Hollywood's renowned film music composers and professionals, such as **Thomas Chase Jones, Joe Kraemer, Conrad Pope, Nan Schwartz, Dennis Sands, Lisbeth Scott, Chris Walden, and Edwin Wendler.**

Have a great time studying and enjoy wonderful moments at a beautiful and inspiring place, where Beethoven regularly spent the summer months. Major parts of his influential works, such as the 3rd, 6th, and 9th symphony as well as the great "Missa solemnis" were composed in Baden.

What's more, for the first time, the **recording sessions** will take place at the new [Synchron Stage Vienna](#), a historical recording facility that has been revitalized by the Vienna Symphonic Library during the last two years. You have the option of recording two different orchestra setups, with strings and winds combined or strings only.

Get all the details at [www.hollywoodmusicworkshop.com](http://www.hollywoodmusicworkshop.com).
