

Dear Vienna Newsletter Subscriber,

Before we get to our Special Offer starting today, we'd like to let you know that [Vienna Dimension Strings II](#) is now complete! The **double bass section** is now available at [MyVSL](#) for all registered users of this collection of muted string ensembles, in addition to the previously available violins, violas and cellos.

Our current special offer applies to all of our library products in the categories of *Keyboards*, *Percussion*, *Voices*, and *Plucked Instruments*, only from October 11 through October 31, 2016!

Receive a **25% discount** on all *Vienna Instruments Collections* and *Single Instruments* (*Standard Libraries* and *Full Libraries*) included in [Keyboards Complete](#), [Percussion Complete](#), [Voices Complete](#) and [Plucked Instruments Bundle](#), as well as on the keyboard and percussion sections of our [Special Edition Volumes 1 & 2](#) and the [Special Edition Volume 4](#) ("*Special Winds & Choir*").

And since the [Vienna Super Package](#) contains quite a number of keyboard, percussion, voices and plucked instruments, the price of this bundle is currently reduced as well!

The discounted prices are automatically displayed in our web shop during the promotional period.

A lot of these instruments have been used in a number of classical pieces that **Jay Bacal** has created recently and that we're excited to share with you. You'll find them [here](#).
