NAMM TEC Awards Nomination

We're excited that our revitalized [Synchron Stage Vienna](#) has been announced as a nominee for the 32nd Annual NAMM Technical Excellence & Creativity (TEC) Awards in the category of **Outstanding Creative Achievement**. Together with Walters-Storyk Design Group (WSDG) we upgraded this historical building into a cutting-edge recording facility. The studio complex now provides enhanced acoustics and state-of-the art technology for recording film music and the full spectrum of orchestral and choral works. If you've been to the movies watching "Inferno" with Tom Hanks, or if you've seen "The Crown" on Netflix, you've heard music that was recorded at *Synchron Stage Vienna*!

Best wishes from Vienna,

– Your Vienna Symphonic Library Team
