Limited Time Offers: April 1 - 30, 2017

Dear Vienna Newsletter Subscriber,

During the month of April, 2017 you'll save big with a **25% discount** on our entire palette of software products!

Whether you are considering upgrading from [Vienna Instruments](#) and [Vienna Ensemble](#) to the corresponding **Pro** versions, or you're just planning on expanding your existing software, e.g., with [MIRx Extensions](#) or [Vienna MIR RoomPacks](#) – now is the time!

Additionally, we've lowered the prices of the [Solo Strings Bundle](#), [Voices Complete](#) and all the individual products included in these bundles by **25%**. The prices of [Strings Complete](#) and the [Vienna Super Package](#) have been lowered accordingly (the discounted prices will be automatically displayed in our webshop).

Please find all details [here](#).

NEW: MIRx Pernegg Monastery

This new convolution reverb extension for *Vienna Instruments / Vienna Instruments Pro* is based on our revolutionary MIR (**M**ulti **I**mpulse **R**esponse) technology. It features spatial models of the 16th century monastery church of Pernegg, a small village situated in the north of the "Waldviertel" region (Forest Quarter) of Lower Austria, near the Czech border. The church's five-sided choir apse and the nave that is unencumbered by pillars notably contribute to the extraordinary acoustics of this architectural rarity. [MIRx Pernegg Monastery](#) comes with over 400 individually handcrafted and masterfully pre-EQ'd presets, for all available *Vienna Instruments* and ensembles, that can be placed at their ideal positions around the altar. Several instruments, such as choir, harmonium and some percussion instruments, also offer the option to be placed on the choir gallery in the back of the nave, behind the microphone, adding timbral depth and variety to the overall richness of this space.

Only in April, get this new MIRx add-on at the reduced price of only EUR 59 (normally EUR 89)! Feel free to download a free 30-day demo license!

Best wishes from Vienna,

– Your Vienna Symphonic Library Team
