

## **Epic Orchestra 2.0 Now Available, Vienna Ensemble Pro 7 for Pre-Sale**

*Vienna Symphonic Library announces major update of their mixing host Vienna Ensemble Pro*

*Vienna, February 19, 2019* – The Vienna Symphonic Library announces a specially priced pre-sale offer for *Vienna Ensemble Pro 7*, a major update of their most popular cross-platform mixing and hosting application that easily connects multiple computers. What's more, *Vienna Ensemble Pro 7* includes the massively expanded *Epic Orchestra 2.0*, powered by the company's new *Synchron Player*. While the Vienna developers are putting the finishing touches on *Vienna Ensemble Pro 7*, customers who pre-order the product will receive the new *Epic Orchestra 2.0* right away, free of charge.

### **Studio Standard**

Since its first release in fall 2009, *Vienna Ensemble Pro* has become the definitive cross-platform network solution in studios and production facilities around the world, enabling users to set up multiple computer networks with both Macs and PCs, without the need of external MIDI and audio interfaces. Due to its dual architecture servers, *Vienna Ensemble Pro* supports both 64-bit and 32-bit third-party VST/AU plug-ins and mixes them in stereo and surround (up to 7.1), with full parameter automation. The intelligent "Preserve" function is a huge time saver and lets users disconnect the software from the DAW when switching from one project to another, while keeping all plug-ins and samples loaded. The massively updated new version 7 features integrated mixing and FX tools, based on the company's high-end audio processing plug-in bundle *Vienna Suite Pro*, including hundreds of production-ready presets for all kinds of mixing situations. Unlike previous versions of the software, *Vienna Ensemble Pro 7* comes as single licenses, enabling users to purchase the exact number of licenses they need. Upgrade prices for users of the previous versions *Vienna Ensemble Pro 4, 5* and *6* are currently available at introductory prices.

### **Massively Expanded: Epic Orchestra 2.0**

*Vienna Ensemble Pro* comes with *Epic Orchestra*, a powerful bonus library that includes the highlights from the company's most popular large ensembles, such as *Fanfare Trumpets*, *Epic Horns*, *Appassionata Strings* and *Woodwind Ensembles* that can be played across the entire

range of the keyboard. The updated sample collection *Epic Orchestra 2.0* includes all the instruments and ensembles from the original *Epic Orchestra* plus a wide variety of patches from the company's latest releases, such as *Synchron Strings*, *Synchron FX Strings*, *Synchron Percussion*, *Synchron Power Drums*, *Vienna Smart Spheres* and the *SYNCHRON-ized* product series. With a data size of 73 GB, the new *Epic Orchestra 2.0* is ten times the size of the original version that was included with previous versions of *Vienna Ensemble Pro*. All samples of *Epic Orchestra 2.0* have been re-edited and mapped for the company's new *Synchron Player*, and enhanced with the integrated convolution reverb featuring customized impulses from *Synchron Stage Vienna*.

### Special Pre-Sale Offer

Customers who pre-order *Vienna Ensemble Pro 7* now benefit from a special introductory price of €145 (reg. €195) and may download *Epic Orchestra 2.0* right away, free of charge. The upgrade price for users of previous versions of *Vienna Ensemble Pro* is €75 (reg. €95) during the introductory period. Additional licenses are available at €65 (reg. €95), the reduced upgrade price for additional licenses is €45 (reg. €65). What's more, *Epic Orchestra 2.0* may also be purchased separately for €105, without purchasing *Vienna Ensemble Pro 7*.

### About the Vienna Symphonic Library

The Vienna Symphonic Library is an innovative, research-driven music software and sample library developer based in Vienna, Austria. The team continually strives to improve virtual orchestral music production with a special emphasis on authenticity and ease-of-use. ***Vienna Instruments***, the company's multi-award-winning virtual instruments in the formats AU, VST, and AAX Native, encompass an exhaustive range of solo instruments and ensembles, from their flagship *Symphonic Cube* to special instruments such as the *Vienna Konzerthaus Organ*, the *Vienna Imperial* grand piano, saxophones, upright bass, and even distorted guitar. Acclaimed software products include ***Vienna Instruments Pro***, ***Vienna Ensemble Pro***, ***Vienna MIR Pro*** and ***Vienna Suite Pro***. In 2016, the company launched an entirely new venture: ***Synchron Stage Vienna***, a unique scoring stage in Austria's capital that accommodates orchestras of up to 130 musicians, merges proprietary software innovations and revolutionary approaches with traditional recording technologies and procedures.

Vienna Symphonic Library announces Vienna Ensemble Pro 7 and releases Epic Orchestra 2.0
