# VI SERIES

Powered by *Vienna Instruments Player*

Our classic multi award-winning *Vienna Instruments Collections* are based on the easy-to-use Vienna Instruments software player and include all instruments and ensembles that were recorded over a span of 15 years in the relatively dry environment of our Silent Stage. With our reverberation software *Vienna MIR Pro* and the optional *RoomPacks* you may enrich these instruments with the exceptional ambiances of the best sounding concert halls, scoring stages, studios and churches.

# SYNCHRON SERIES

Powered by *Vienna Synchron Player*

**SYNCHRON** library products combine extraordinary musicianship, engineering and recording technology with the exceptional acoustics of Synchron Stage Vienna's 540 m<sup>2</sup> (5,813 sq.ft.) main hall. Played by members of the Synchron Stage Orchestra and captured with multiple mic positions, the recordings bloom with the warm, luscious ambience of one of the best scoring stages on the planet. The free included *Synchron Player* incorporates the most powerful sample playback engine on the market, featuring unprecedented streaming performance while providing a new level of ease-of-use.

# SOFTWARE PRODUCTS

## VIENNA INSTRUMENTS PRO

The advanced version of our proprietary sample player for the **VI Series** includes extended features, such as polyphonic legato, auto-voice routing, enveloped time stretching, auto humanization, adjustable tuning scales, as well as an integrated auto-playback and pattern sequencer. With the free Remote App you may use your tablet as a real-time MIDI controller.

With five optional **MIRx** convolution reverb extensions you may integrate the stunning acoustics of renowned churches, concert halls and sound stages directly into the software. **AU/VST/VST3/AAX Native plug-in and stand-alone.**

## VIENNA SUITE PRO

14 high-end audio processing tools for mixing and mastering, with hundreds of customized presets for our instruments and ensembles. Supports stereo and up to 12.2 surround formats. **VST, VST3, AU, AAX Native plug-in.**

## VIENNA ENSEMBLE PRO

The free *Vienna Ensemble* mixing and host software is automatically installed with every library product of our VI Series. The Pro version offers a selection of powerful plug-ins, based on *Vienna Suite Pro*, additional 3rd party VST and AU plug-in hosting with full parameter automation, MIDI and audio over LAN, full ITU surround support as well as a freeze channel option by unloading all plug-ins. Free 73 GB **"Epic Orchestra 2.0"** sample pack included! Use VM1, the new iPad controller app to harness the power of Vienna Ensemble Pro's rich feature set quickly and easily! **AU/VST/VST3/AAX Native/MAS plug-in and stand-alone.**

## VIENNA MIR PRO

*Vienna MIR Pro* is a holistic mixing and reverberation engine based on our revolutionary **Multi Impulse Response** convolution. It offers an entirely new spatial concept, allowing the user to interact with the players more like a conductor than an engineer. Get rid of two-dimensional faders and pan pots – simply use the innovative **MIR Control Icon** and place your instruments on the stage. In fact, any audio signal, e.g., singers or guitars, can be processed and delivered in stereo, or in various surround formats on up to eight output channels. You may select your acoustic spaces from six available **RoomPacks**, including **Synchron Stage Vienna**. **AU/VST/AAX Native/RTAS plug-in.**

# STARTER EDITIONS

## VIENNA SMART ORCHESTRA

The perfect tool to create full orchestra arrangements live on your keyboard. This symphonic powerhouse lets you play all the sections and lead instruments of the orchestra at once, spread out over the entire keyboard, powered by the free *Vienna Synchron Player*. The **VSO ExpansionPack** adds a variety of instruments to the “Solo” category of the *Vienna Smart Orchestra*.

## VIENNA SMART SPHERES

A shimmering and impressive collection of sounds that will be useful in any musical environment, from film scores to the more experimental side of electronic music. Organic, living, breathing sounds, from fearsome dark drones to heavenly ethereal spheres. Powered by the free *Vienna Synchron Player*.

## VIENNA SMART HITS

This library is a breathtaking exploration into the organic, yet surreal and swirling amalgamation of hits, “braams”, risers, swells and sub booms. Our sound designers dug deep into our multi-million sample database to unearth extraordinary marvels and merge them with thrilling sounds of a vast array of synthesizers.

## VIENNA SPECIAL EDITIONS

The entire orchestra at entry-level prices! With a total of 157 instruments and ensembles you’re well equipped for a variety of musical styles, from pop and rock arrangements to large-scale orchestrations for film and TV, including choir.
