

Dear Vienna Newsletter Subscriber,

Check out our current three introductory offers on Big Bang Orchestra Drums & Percussion, and take up to a third off the list prices on Synchron Series Strings!

FORNAX – Pitched Percussion

Three concert grands, recorded in combination with various **drum & percussion** instruments: We captured our Steinway D-274, our Bösendorfer Imperial and our Yamaha CFX together with plate bells, tubular bells, gongs, pitched and unpitched drums and more to create epic sounds, from **mysterious touches to bombastic eruptions**.

Big Bang Orchestra: Fornax includes several set-ups, categorized into Low Range and High Range instruments to create organic, rich and pioneering sounds. Get it now at the **introductory price of €65**.

DORADO – Percussion Ensembles

Big, **fat percussion sounds** are an essential part of a large sounding orchestra, lending epic size and drive to any track. We sampled up to six percussionists playing together in the large hall of Synchron Stage Vienna, capturing their human interaction and musicality. Get Big Bang Orchestra: Dorado now at the introductory price of **€65**.
