

Dear Vienna Newsletter Subscriber,

The marvelous Big Bang Orchestra Woodwind Packs are here!

**NEW: NEPTUNE & ORION**

We expand your creative universe with two new Woodwind Packs!

**BBO: Neptune includes “tutti” recordings** of all 13 woodwind instruments which are playing at once. Recording the rich and colorful sound of these heterogeneous instruments as a group is ideal for showcasing the delicate balance and blend of the entire woodwind choir, particularly when employing Vienna’s finest players.

Taking a different approach, **BBO: Orion offers four separate ensembles** of flutes, oboes, clarinets and bassoons, with three musicians playing together in each ensemble. The choice is yours!
