New!

BÖSENDORFER
280VC

Introductory Offer

Dear Vienna Newsletter Subscriber,

A new concert grand joins our growing family of Synchron Pianos! What's more, to celebrate the release of MIRx Synchron Stage Vienna, all Vienna Instruments are on sale this February!

NEW: Bösendorfer 280VC

This "Vienna Concert" grand for the 21st century is an extremely versatile instrument with astounding colors that we captured in all its brilliance at Stage B of Synchron Stage Vienna. Its distinct, clear sound and huge dynamic range make the 280VC a true all-rounder, offering all the necessary sensitivity to accompany singers and solo instrumentalists, while at the same time holding its own against the power of a large orchestra in a huge concert hall.

Listen to the Bösendorfer 280VC

NEW: MIRx Synchron Stage Vienna

MIRx is a convolution reverb extension for the sample players *Vienna Instruments* and *Vienna Instruments Pro*, based on our revolutionary MIR (Multi Impulse Response) technology. *MIRx Synchron Stage Vienna* allows you to seamlessly mix your *Vienna Instruments* Collections from the *VI Series* (please see offers above!) with exactly the same ambience found in the *Synchron Series* Collections, bringing all of your instruments together in one great-sounding hall.
