Hello iLok

Your Steps to iLok

We're offering the conversion to iLok licenses in stages, like boarding a plane in groups, to prevent congestion. If you purchase now or have purchased recently, you will be the first who can deposit your licenses on your iLok account, since **all new purchases require iLok authorization**. Customers who've purchased a new product in the previous months will follow. Of course, we will inform you by e-mail when your account is ready for conversion.

If you're amongst the first to convert your licenses please note that you have to decide between eLicenser and iLok authorization. It is not possible to run both versions of the same software on the same computer.
