

For Immediate Release

FREE from Vienna: Harp Glissandos

Vienna Symphonic Library releases harp virtual instrument, free of charge

Vienna, May 31, 2022 – The Vienna Symphonic Library team is happy to announce the release of *Harp Glissandos* as a free gift for everybody. Having released their »HELLO« Free Instruments *Big Bang Orchestra – Free Basics*, *Fujara Flute*, *Soft Imperial*, *Celestial Strings*, and *Violin Runs*, this is the sixth virtual instrument the Austrian company provides free of charge. Vienna's Free Instruments can be activated on an iLok key or on the user's computer without the requirement of a physical key.

This new free instrument provides a wide variety of harp glissandos, perfectly organized in the Synchron Player's patch structure, and its plentiful variations are easily accessible across the keyboard. The glissandos are available in all 12 major and minor scales, played upwards and downwards. What's more, users may choose between slow, medium and fast glissandos played over the full range of the instrument, or just in the low range, mid range or high range.

The harp was recorded in Vienna's second studio, the Silent Stage, which offers a tight, controlled ambience that lets users place these sounds in any acoustic environment they can imagine, either with the onboard convolution and algorithmic reverbs included in the Vienna Synchron Player, or with any external effects plug-ins.

Preconfigured mixer presets offer various reverb lengths and effects, from ethereal and retro characteristics to placements such as close, classic or distant.

About the Vienna Symphonic Library

The Vienna Symphonic Library is an innovative, research-driven music software and sample library developer based in Vienna, Austria. The team continually strives to improve virtual orchestral music production with a special emphasis on authenticity and ease-of-use. **Vienna Instruments** and the **Synchron Series libraries**, the company's multi-award-winning virtual instruments in the formats AU, VST, and AAX Native, encompass an exhaustive range of solo instruments and ensembles, from their flagship string libraries *Synchron Strings Pro* and

Synchron Elite Strings, *Synchron Pianos* including concert grands by Bösendorfer, Yamaha, Steinway and Blüthner, to special instruments such as the *Great Rieger Organ* of the Vienna Konzerthaus, historic wind instruments, drums and percussion, and even distorted guitar. Acclaimed software products include the ***Vienna Synchron Player***, ***Vienna Instruments Pro***, ***Vienna Ensemble Pro***, ***Vienna MIR Pro*** and ***Vienna Suite Pro***. In 2016, the company launched an entirely new venture: **Synchron Stage Vienna**, a unique scoring stage in Austria's capital that accommodates orchestras of up to 130 musicians, merges proprietary software innovations and revolutionary approaches with state-of-the-art recording technologies and procedures.
