New!

VIENNA
MIR PRO 3D

Introductory Offer

Dear Vienna Newsletter Subscriber,

Imagine your music being performed in the most impressive places in the world!
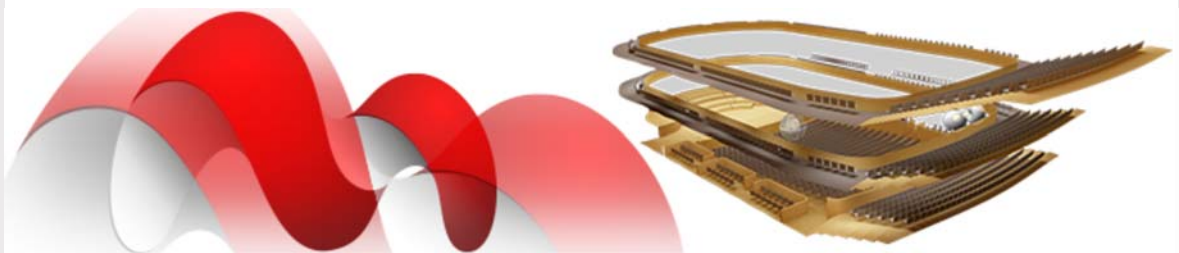

NEW: Vienna MIR Pro 3D

Your arrangement consists of virtual instruments, studio recordings as well as additional audio files from other musicians. How are you going to create a homogenous mix?

With Vienna MIR Pro 3D simply **drag and drop** your virtual players on the desired position in the room! Choose from a variety of different venues and get **one MIR 3D RoomPack of your choice for free** when you order Vienna MIR Pro 3D or Vienna MIR Pro 3D (24)!

Vienna MIR Pro 3D is the 3rd generation of our holistic mixing and reverberation engine, now featuring 3rd Order Ambisonics, 3D audio support, 3D positioning of instruments and virtual microphones, and 3D graphics, whether you're mixing for stereo, binaural, surround or immersive audio formats!

compatible!

Up to 36% Off SYNCHRON-ized Libraries

We're celebrating the release of Vienna MIR Pro 3D with a special offer on all SYNCHRON-ized Libraries that were recorded in the tight and controlled ambience of our second studio, the Silent Stage. By turning off the internal convolution and algorithmic reverb of the Vienna Synchron Player the instruments of these libraries can be placed **in any virtual acoustic environment**, and most perfectly in the rooms provided by **Vienna MIR Pro 3D**. Get different sizes of **string sections**, **brass** and **woodwind** solo instruments and ensembles, special keyboards and many more!
