

For Immediate Release

Free Elite Strings Bonus Set for Synchron Prime Edition

Vienna Symphonic Library adds small string ensembles to all-in-one orchestral package that was used in Round 2 of the Vienna Composer Contest

Vienna, June 1, 2023 – The Vienna Symphonic Library is pleased to announce a free bonus set to their all-in-one orchestral package at an entry-level price. In addition to the regular string ensembles taken from Synchron Strings Pro, the Synchron Prime Edition now comes with the essential articulations of the small string ensembles of Synchron Elite Strings. The free bonus set is available to both registered users as well as new customers.

What's more, the Synchron Prime Edition is available at a special price of €445 (reg. €595) through July 4, 2023. The comprehensive library gathers the essential instruments and articulations of Vienna's Synchron Series into one resource-saving collection that is easy to use, versatile and fun to play.

At the same time, the Austrian company announces the three finalists of the Vienna Composer Contest, David Neumann, Jack Gionis, and Paul Cohen, awarding each of them a complete Synchron Package worth more than €9,000. The three victorious composers, as well as the other nine semi-finalists who successfully moved to the second round of the contest, created their submitted tracks exclusively with the Synchron Prime Edition. All 12 tracks can be listened to at <https://www.vsl.co.at/ViennaComposerContest>.

In the third and final round of the Vienna Composer Contest, the three finalists will each compose a track in the style of a cinematic fantasy film that's suited for production music. The winning composer will be announced on July 1. He will go on to sign a contract with 2nd Foundation Music and write a further five tracks to create a well-balanced, marketable EP. All six tracks will then be recorded at Synchron Stage Vienna, with 2nd Foundation Music creative director Daryl Griffith conducting the Synchron Stage Orchestra. Once released in the fall of 2023, the music will be available as library music with distributors throughout the world.

About the Vienna Symphonic Library

The Vienna Symphonic Library is an innovative, research-driven music software and sample library developer based in Vienna, Austria. The team continually strives to improve virtual orchestral music production with a special emphasis on authenticity and ease-of-use. **Vienna Instruments** and the **Synchron Series libraries**, the company's multi-award-winning virtual instruments in the formats AU, VST, and AAX Native, encompass an exhaustive range of solo instruments and ensembles, from their flagship string libraries Synchron Strings Pro and Synchron Elite Strings, Synchron Pianos including concert grands by Bösendorfer, Fazioli, Steinway, Yamaha and Blüthner, to special instruments such as the Great Rieger Organ of the Vienna Konzerthaus, historic and ethnic wind instruments, drums and percussion, and even distorted guitar. Acclaimed software products include the **Vienna Synchron Player**, **Vienna Instruments Pro**, **Vienna Ensemble Pro**, **Vienna MIR Pro 3D** and **Vienna Suite Pro**. In 2016, the company launched an entirely new venture: **Synchron Stage Vienna**, a unique scoring stage in Austria's capital that accommodates orchestras of up to 130 musicians, merges proprietary software innovations and revolutionary approaches with state-of-the-art recording technologies and procedures.
