

Dear ...,

Get your six packs of pure percussion power! With an abundance of instruments and sonic variety, this treasure trove of drums, mallets, cymbals, gongs, bells and so much more delivers for any arrangement, from impactful timpani to exotic flavors, from spherical shimmers to propulsive rhythms.

More than 130 instruments, recorded at the Silent Stage, are grouped in **six separately available Percussion Packs, starting at €52**. They correspond to the instruments of the Synchron Percussion Packs, with equal mappings that make it easy to exchange and try out instruments from both Series.

Each instrument comes with customized impulse responses that position them in their ideal spot on Synchron Stage Vienna. Use them without convolution to place the instruments anywhere in the stereo field and in any acoustic environment.
