## Percussion Festival

Go BIG with **Synchron Percussion I – III**, delivering extremely detailed percussion recordings with all the character and vibe of Synchron Stage Vienna's massive drum vault, masterfully played in one of the best-sounding scoring stages in the world.

Three drum kits gone wild in a fantastic ambient room – that's **Synchron Power Drums** with hard-hitting, energetic drum grooves played simultaneously on three independent yet interacting drum kits.

**Big Bang Orchestra Packs** (Dorado, Eridanus, Fornax, Phoenix, Quasar) offer big, fat percussion sounds that are an essential part of a large sounding orchestra, lending epic size, power and drive to any track.

The instruments of the **SYNCHRON-ized Percussion Collection** are grouped in six separately available Percussion Packs with a vast array of instruments for more variety, recorded at the rather dry and compact Silent Stage.

The water, metal, stone and glass instruments of our **SYNCHRON-ized Elements** Collection have long been a trade secret for composers and sound designers, delivering primordial, evocative sounds from ethereal shimmers to thunderous strikes.

**Vienna Smart Hits** is a breathtaking exploration into the organic, yet surreal and swirling amalgamation of hits, “braahms”, risers, swells and sub booms.
